

The Magswitch MagDrill Disruptor 55 is a revolution in magnetic drilling technology. The SMART technology lets the magnets communicate with the 1600 W motor without the need of electricity. A must have professional magnetic drill!

Features

- Powered by our patented technology, our magnets do not require electricity and stays in place during power loss.
- Compact and safe magnetic drill.
- Drill holds strong on thick or thin steel.
- Swivel base can be used on flat as well as curved surfaces.
- Can be used on 3-1/2" pipe and up, inside or outside the curve.
- The base magnets can be 'partially actuated' in order to slide the drill into precise position.
- Easy cleaning, inspection and maintenance as one magnet can be turned off and the other can still hold while pivoting the tool.
- Drill cuts holes up to 2-1/4" in diameter and 3" deep.
- Morse Taper 3 Spindle.
- Reversible Setting for Tapping.

Quick Specs

Magnetic Strength*	1895 lbs/ 860 kg
Full Saturation Thickness	.5" / 12.7 mm
Max Tip Force (Full Saturation)*	1055 lbs/ 479 kg
Smallest Pipe Diameter	3 3/16"/80 mm
Speed (No Load)	500 RPM
Drill Stroke	6 11/16"/170mm
Net Weight	39 lbs/17 kg

* Max Breakaway determined in laboratory environment on 2" thick SAE1018 Steel with surface roughness 63 micro inches.
